

HEALTH PROMOTION SERVICE – PROJECT OVERVIEW

| | |
|---|--|
| TITLE | Cornwall Healthy Schools Programme |
| NATIONAL TARGETS (e.g. Choosing Health, NSFs, National Strategies) | <p>National Healthy Schools Programme (75% of all schools to be healthy schools under the new national standard by December 2009)</p> <p>Also CHSP contributes to all key national strategies re health of children and young people e.g. Choosing Health, Obesity Strategy, NSF, ECM, Teenage Pregnancy Strategy etc and many local strategies e.g. all LAAs, drugs strategy, obesity strategy, CYPP, alcohol plan, CAMHS strategy etc. etc.</p> |
| EVIDENCE OF EFFECTIVENESS (e.g. NICE guidelines) | <p>Evidence available at: www.wiredforhealth.gov.uk/evidenceofimpact demonstrates that pupils who are healthy achieve well at school:</p> <ul style="list-style-type: none"> • Schools can use the NHSP whole school approach to bring about sustained school improvement. • Schools with Healthy School status have better results for all Key Stage 1 assessments and Key Stage 2 science compared with other schools. • Schools involved in the NHSP are more inclusive. • Pupils in Healthy Schools report a range of positive behaviours such as diminished fear of bullying and a reduced likelihood of using illegal drugs. • Personal, social and health education (PSHE) provision is enhanced. • There is more effective liaison between home and school, and school and external support agencies. |
| AIM(S) | <ul style="list-style-type: none"> • to support children and young people in developing healthy behaviours; • to help to raise pupil achievement; • to help to reduce health inequalities; and • to help promote social inclusion. |
| OBJECTIVES (the outcomes you hope to achieve) Are they SMART? | <p>Meet / exceed national targets for schools achieving National HS standard.</p> |

| | |
|--|---|
| <p>PROJECT TARGETS</p> | <p>208 schools to be healthy school by December 2009</p> <p>25% of schools to be involved in HS Plus by end of march 2010</p> <p>No targets yet for new enhancement model</p> |
