

Hayle Community School

Criterion 7 – Health Related Exercise

Coordinator: Anne Curnow Care
Contact Number: 01736 753009
Healthy School Validation 2004

School Details and Context

Number of pupils: 11 – 16

Location edge of town of Hayle, only comprehensive in town.

How was the need identified

While doing Criterion 7 – Health Related Exercise, it became apparent that the pupils had little idea of what was truly on offer in and around the Hayle area, so we thought about a Fresher Fayre type activity. This became known as the Community Fayre, held in January.

Chosen Criterion

Criterion 7 – Health Related Exercise

Steps taken to meet the criteria

By first surveying the pupils we knew roughly what they did/did not do. Realised the need and thought only by making them aware of what was on offer could we then really improve the exercise side.

Who was involved in the process

Organising the Fayre – Co-ordinator, Schools SS Co and HALP person. Co-ordinator sent all letters etc and so that was the school contact. SS Co chased up with phonecalls etc.

Outcomes/impact on pupils and the wider community

Brilliant impact. Pupils and staff knew what was available. We also asked yr5 and 6 from local primaries. The Community Clubs thought it was brilliant to have a chance to chat to the kids on their soil. As ‘for the future the suggestions have been to expand to afternoon / evening slot which will allow the general public / local community of Hayle to also visit. Logistics is now the issue – time space etc.
